

# KENT STREET CREATIVE MARKETS ADDITIONAL STALL SPACE

If you have extra freestanding display equipment in addition to your 1800mm allocated table space - let us know using the guide below.

## Option 1 - either side of table

## Option 2 - right angle to one side of table - only suitable to tables at the end of a row, or on a corner.

### WHAT TO LET US KNOW

If your equipment measures up to 900mm please ask for an additional 1/2 a stall

If your equipment measures between 900mm and 1800mm please ask for an additional full stall.

To avoid unnecessary large gaps between stalls, please do not ask for this space unless you intend to fill it.

**If you are not sure if you have measured correctly or have any questions - please email [kentsstreetcreatives@forac.org.au](mailto:kentsstreetcreatives@forac.org.au)**
